Tchuente Yadou Yvan

GoHighLevel Systems Engineer
GH L Certified Admin

◆ ABOUT ME

HighLevel-certified admin and software engineer with 3 years building GH L systems for US agencies. I design, build and fix complete GH L systems for agencies and their clients (CRM, pipelines, funnels, automations and compliance), and write custom code where native features stop.

◆ CORE GH L EXPERTISE

Automation & Logic

Multi-step workflows with triggers, conditional branches, custom values and cross-platform data sync.

CRM Architecture

Custom objects, multi-stage pipelines and custom fields designed around how the business runs.

Funnels & Migrations

Funnels, quiz funnels and websites, plus full migrations from Kartra, HubSpot and Wix.

Compliance & Delivery

A2P 10DLC registration, phone setup, domains, email deliverability and Snapshots.

◆ EXPERIENCE

GH L Expert (VA), GH L Plugins

Jan 2024 – Present

VGroup SARL (US agency team, remote from Cameroon)

- ◆ Build and run complete GH L systems for US agencies, coaches and health practices: CRM, pipelines, funnels, calendars and nurture.
- ◆ Designed a custom-object CRM with 12 and 15-stage pipelines, onboarding forms and an external data integration.
- ◆ Migrated businesses from Kartra, HubSpot and Wix into GH L: courses, webinars, nurture sequences, legal pages and redirects.
- ◆ Handle A2P registration, phone setup, lead scoring and account audits across client sub-accounts.
- ◆ Co-building an AI Employee snapshot for coaches: lead qualification, booking and follow-up.
- ◆ Built a client's AI workspace server (MCP) that connects their AI apps, files and meeting notes.

Founder & Software Engineer, CYSN

Apr 2026 – Present

Independent (US LLC)

- ◆ Build SaaS and custom tools for the GH L ecosystem (NestJS, Nuxt, Prisma, BullMQ, Redis) on self-managed Linux servers.
- ◆ **GLaunch PM**: project management platform for GH L agencies, with an MCP server for AI assistants and meeting-to-task automation.
- ◆ **Funnel Twin (in progress)**: Chrome extension that clones GH L funnel pages from one account to another.
